- 5) Searching (product searching, employee searching).
- 6) Working in a local network being used by multiple users.

**Company:** Tamimi Real Estates

1. Redeveloped the Tamimi Real Estates Company Desktop Software made in VB.NET with SQL Server.

It is a windows form application that is used by 6 employees in a local network.

## Technical & Innovative Academic Projects

### Final Year Project - Web Vulnerability Scanner / Web Security Scanner (Windows Form Application)

My Final Year Project is Web Vulnerability Scanner. A Desktop Software solution to scan and identify security threats to a web application that automatically probe for security flaws in web applications.

This Project comes under the umbrella of Web Application Security. This Web Vulnerability Scanner scans & identifies different bugs in a website. It's a desktop application.

### Different components of my Project:

**Web Security Scanner** scans the different types of vulnerabilities by applying different techniques. It actually lists down the site structure and side by side, it started attacking vector on the site. If vulnerability found, a node is added to the Web Alerts. If we click on vulnerability node, it shows the description of vulnerability, its impact, how to fix it and references.

- 1) **TP (Technology Profiler):** It identifies the infrastructure & Technologies used by a website.
- 2) **CMS Security Scanner:** In CMS Security Scanner, I Covered WordPress & Joomla.
- 3) **Sub Domain Scanner:** It helps to detect the sub domain of a site.
- 4) **Site Crawling:** It crawls the whole website & list down the found directories/files.

## Personal Projects

### TheHackersPost. Com (<http://thehackerspost.com>)

1. I am the co-founder and editor at [www.thehackerpost.com](http://www.thehackerpost.com)
2. It's a web security news website developed in WordPress CMS.
3. We provide every type of latest Web Security News and lot's more like Hacking News, Cyber Crime, Hackers Interviews, Malware, and Hacking Tutorials.

### GoogStack.Com (<http://googstack.com>)

1. I am the co-founder and editor at [www.googstack.com](http://www.googstack.com)

## Volunteer Experience

- Attended P@sha ICT Awards 2012 in Pakistan as an Ambassador. It's the Pakistan's Biggest I.T Award Show which is held every year in Pakistan and I was there as a University Ambassador for participating in Management Activities.
- Attended Information Security Conference 2011 at Expo Center Lahore Pakistan.

## Training Courses

- Travelport GDS – Galileo Smartpoint App Training from Travel Technology Systems Co. W.L.L Sharq, Kuwait.
- Data Management & eSearch Training Awareness Sessions in KOC (Kuwait Oil Company).

<b>Technical Skills:</b>	<b>Desktop Programming Languages:</b> C++, C#, VB.NET ,X++, Java <b>Web Technologies &amp; Languages:</b> ASP.Net, PHP, HTML, JavaScript, CSS, XML <b>Database:</b> SQL Server 2008, MySQL, Microsoft Access, Oracle 10g <b>Graphics:</b> Blender (3D Modeling, Rendering) ,Photoshop, CorelDraw, Adobe Flash <b>Office Tools:</b> Microsoft Office, Microsoft Excel, Microsoft PowerPoint, Microsoft Visio
--------------------------	--

## Languages Tests

- IELTS (British Coucil)
  - Listening Score : 7.5
  - Reading Score : 7
  - Writing Score : 5
  - Speaking Score : 5.5
  - Overall Score : 6.5**

## Personal Information

**Father Name** : Azam Ali  
**Date of Birth** : 21-Oct-1989  
**Nationality** : Pakistani  
**Religion** : Islam  
**Marital Status** : Single  
**Visa Article** : Transferrable (18)  
**Passport No#** : AR5845261  
**NIC No#** : 289102102366  
**Languages** : English, Urdu, Hindi, Punjabi

## Extracurricular Activities

- Martial Arts
- Hiking
- Football
- Cricket
- Running
- Sketching

## Security Clearance

- All Clear
